Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards (IFRSs), Bangladesh Financial Reporting Standards (BFRSs), the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing (ISA) and Bangladesh Standards on Auditing (BSA). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedure that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 December 2013, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) and Bangladesh Financial Reporting Standards (BFRSs), the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act 1994 and the Securities and Exchange Rules 1987, we report that:

- (a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;

The financial statements cover one calendar year from January 01, 2013 to December 31, 2013.

2.5 Authorisation for issue

The financial statements have been authorised for issue by the Board of Directors on April 29, 2014.

2.6 Functional and Presentation Currency

The financial statements are prepared and presented in Bangladesh Currency (Taka), which is the company's functional currency. All financial information presented has been rounded off to the nearest Taka except where indicated otherwise.

2.7 Comparative Information

Comparative information has been disclosed in respect of the year 2012 for all numerical information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current year's financial statements.

Figures for the year 2012 have been re-arranged wherever considered necessary to ensure better comparability with the current year.

2.8 Use of Estimates and Judgments

The preparation of financial statements in conformity with the IFRSs including IASs require management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses, and for contingent assets and liabilities that require disclosure, during and at the date of the financial statements.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision of accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected.

In particular, the key areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements include depreciation, inventory valuation, accrued expenses, other payable and deferred liability for gratuity.

3. Significant Accounting Policies

The accounting principles and policies in respect of material items of financial statements set out below have been applied consistently to all periods presented in these financial statements.

3.1 Revenue Recognition

In compliance with the requirements of IAS 18: Revenue, revenue receipts from customers against sales is recognized when products are dispatched to customers, that is, when the significant risk and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, and there is no continuing management involvement with the goods.

Revenue from sales is exclusive of VAT.

Cash dividend income on investment in shares is recognized on approval of said dividend in the annual general meeting. Stock dividend income (Bonus Shares) is not considered as revenue.

3.2 Property, Plant and Equipment

3.2.1 Recognition and Measurement

3.2.4 Retirements and Disposals

On disposal of fixed assets, the cost and accumulated depreciation are eliminated and gain or loss on such disposal is reflected in the income statement, which is determined with reference to the net book value of the assets and net sales proceeds.

3.3 Intangible Assets

Intangible assets are stated at cost less provisions for amortization and impairments. Licenses, patents, know-how and marketing rights acquired are amortized over their estimated useful lives, using the straight line basis, from the time they are available for use. The cost of acquiring and developing computer software for internal use and internet sites for external use are capitalized as intangible fixed assets where the software or site supports a significant business system and the expenditure leads to the creation of a durable asset. Also, the research and development expenditures that are definite to yield benefit to the company are capitalized.

3.4 Leased Assets

In compliance with the IAS 17: Leases, cost of assets acquired under finance lease along with related obligation has been accounted for as assets and liabilities respectively of the company, and the interest element has been charged as expenses. Lease payments made under finance leases are apportioned between the finance expenses and the reduction of the outstanding liability.

3.5 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

3.5.1 Financial assets

Financial assets of the company include cash and cash equivalents, accounts receivable and other receivables. The company initially recognizes receivable on the date they are originated. All others financial assets are recognized initially on the date at which the company becomes a party to the contractual provisions of the transaction. The company derecognizes a financial asset when, and only when the contractual rights or probabilities of receiving the cash flows from the asset expire or it transfer the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risk and rewards of ownership of the financial asset are transferred.

3.5.1(a) Accounts Receivable

Accounts receivable are created at original invoice amount less any provisions for doubtful debts. Provisions are made where there is evidence of a risk of non-payment, taking into account aging, previous experience and general economic conditions. When an accounts receivable is determined to be uncollected it is written off, firstly against any provision available and then to the profit and loss account. Subsequent recoveries of amounts previously provided for are credited to the profit and loss account.

3.5.1(b) Cash and Cash Equivalents

Cash and cash equivalents include cash in hand, in transit and with banks on current and deposit accounts which are held and available for use by the company without any restriction. There is insignificant risk of change in value of the same.

3.5.1(c) Investment in Shares

Investment in shares of listed company is valued at a price quoted in the stock exchange at year end. Investment in other shares is valued at cost.

3.5.2 Financial Liability

Financial liabilities are recognized initially on the transaction date at which the company becomes a party to the contractual provisions of the liability. The company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire.

Finance liabilities include payable for expenses, liability for capital expenditure and other current liabilities.

3.6 Impairment

(a) Financial Assets

Accounts receivable and other receivables are assessed at each reporting date to determine whether there is any objective evidence of impairment. Financial assets are impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset and that the loss event had a negative effects on the estimated future cash flows of that asset, that can be estimated reliably. Objective evidence that financial assets are impaired can include default or delinquency by a debtor, indications that a debtor or issuer will enter bankruptcy etc.

(b) Non-Financial Assets

An asset is impaired when its carrying amount exceeds its recoverable amount. The company assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. The recoverable amount of an asset is the higher of its fair value less costs to sell and its

value in use. Carrying amount of the assets is reduced to its recoverable amount by recognizing an impairment loss if, and only if, the recoverable amount of the asset is less than its carrying amount. Impairment loss is recognized immediately in profit or loss, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset shall be treated as a revaluation decrease.

3.7 Inventories

Inventories are carried at the lower of cost and net realizable value as prescribed by IAS 2: Inventories. Cost is determined on weighted average cost basis. The cost of inventories comprises of expenditure incurred in the normal course of business in bringing the inventories to their present location and condition. Net realizable value is based on estimated selling price less any further costs expected to be incurred to make the sale.

3.8 Provisions

A provision is recognized in the statement of financial position when the company has a legal or constructive obligation as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provision is ordinarily measured at the best estimate of the expenditure required to settle the present obligation at the date of statement of financial position. Where the effect of time value of money is material, the amount of provision is measured at the present value of the expenditures expected to be required to settle the obligation.

3.9 Income Tax Expense

Income tax expense comprises of current and deferred tax. Income tax expense is recognized in the Statement of Comprehensive Income and accounted for in accordance with the requirements of IAS 12 : Income Tax.

Current Tax

Current tax is the expected tax payable on the taxable income for the year, and any adjustment to tax payable in respect of previous years. The company qualifies as a "Publicly Traded Company"; hence the applicable Tax Rate is 27.50%.

Deferred Tax

The company has recognized deferred tax using balance sheet method in compliance with the provisions of IAS 12: Income Taxes. The company's policy of recognition of deferred tax assets/ liabilities is based on temporary differences (Taxable or deductible) between the carrying amount (Book value) of assets and liabilities for financial reporting purpose and its tax base, and accordingly, deferred tax income/expenses has been considered to determine net profit after tax and earnings per shares (EPS).

A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available, against which temporary differences can be utilized. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.10 Interest Income

Interest income is recognized on accrual basis.

3.11 Borrowing Cost

Borrowing costs are recognized as expenses in the period in which they are incurred unless capitalization of such is allowed under IAS 23 : Borrowing Costs.

3.12 Employee Benefits

The company maintains both defined contribution plan and defined benefit plan for its eligible permanent employees. The eligibility is determined according to the terms and conditions set forth in the respective deeds.

The company has accounted for and disclosed employee benefits in compliance with the provisions of IAS 19: Employee Benefits.

The cost of employee benefits is charged off as revenue expenditure in the period to which the contributions relate.

The company's employee benefits include the following:

(a) Defined Contribution Plan (Provident Fund)

The company has a registered provident fund scheme (Defined Contribution Plan) for employees of the company eligible to be members of the fund in accordance with the rules of the provident fund constituted under an irrevocable trust. All permanent employees contribute 10% of their basic salary to the provident fund and the company also makes equal contribution.

The company recognizes contribution to defined contribution plan as an expense when an employee has rendered services in exchange for such contribution. The legal and constructive obligation is limited to the amount it agrees to contribute to the fund.

(b) Defined Benefit Plan (Gratuity)

This represents unfunded gratuity scheme for its permanent employees. Employees are entitled to gratuity benefit after completion of minimum five years of service in the company. The gratuity is calculated on the latest applicable basic pay and is payable at the rate of one month basic pay for every completed year of service.

Though no valuation was done to quantify actuarial liabilities as per the IAS 19 : Employee Benefits, such valuation is not likely to yield a result significantly different from the current provision.

(c) Short-term employee benefits

Short-term employee benefits include salaries, bonuses, leave encashment, etc. Obligations for such benefits are measured on an undiscounted basis and are expensed as the related service is provided.

(d) Contribution to Workers' Profit Participation and Welfare Funds

This represents 5% of net profit before tax contributed by the company as per provisions of the Bangladesh Labor (amendment) Act 2013 and is payable to workers as defined in the said law.

(e) Insurance Scheme

Employees of the company are covered under insurance schemes.

3.13 Share Premium

The Share Premium shall be utilized in accordance with the provisions of the Companies Act, 1994 and as per direction of the Securities and Exchange Commission in this respect.

3.14 Proposed Dividend

The amount of proposed dividend has not been accounted for but disclosed in the notes to the accounts in accordance with the requirements of International Accounting Standard (IAS) 1: Presentation of Financial Statements. Also, the proposed dividend has not been considered as "Liability" in accordance with the requirements of International Accounting Standard (IAS) 10: Events After The Reporting Period, because no obligation exists at the time of approval of accounts and recommendation of dividend by the Board of Directors.

3.15 Earnings per Share (EPS)

This has been calculated in compliance with the requirements of IAS 33: Earnings Per Share by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the year.

Current Year (2013)

The Bonus Shares issued during the year 2013 were treated as if they always had been in issue. Hence, in computing the Basic EPS of 2013, the total number of shares including the said bonus shares has been considered as the Weighted Average Number of Shares outstanding during the year 2013.

Earlier Year (2012)

The number of shares outstanding before the bonus issue has been adjusted for the proportionate change in the number of shares outstanding as if the bonus issue had occurred at the beginning of the earliest period reported (2012), and accordingly, in calculating the adjusted EPS of 2012, the total number of shares including the subsequent bonus issued in 2013 has been considered as the Weighted Average number of Shares outstanding during the year 2012.

The basis of computation of number of shares as stated above is in line with the provisions of IAS 33: Earning per Share. The logic behind this basis, as stated in the said IAS is that the bonus Shares are issued to the existing shareholders without any consideration, and therefore, the number of shares outstanding is increased without an increase in resources.

Diluted Earnings per Share

No diluted EPS is required to be calculated for the year as there was no scope for dilution during the year under review.

3.16 Foreign Currency Transactions

Foreign currency transactions are recorded at the applicable rates of exchange ruling at the transaction date. The monetary assets and liabilities, if any, denominated in foreign currencies at the financial position date are translated at the applicable rates of exchanges ruling at that date. Exchange differences are charged off as revenue expenditure in compliance with the provisions of IAS 21: The Effects of Changes in Foreign Exchange Rates.

3.17 Statement of Cash Flows

The Statement of Cash Flow has been prepared in accordance with the requirements of IAS 7: Statement of Cash Flows. The cash generated from operating activities has been reported using the Direct Method as prescribed by the Securities and Exchange Rules, 1987 and as the benchmark treatment of IAS 7, whereby major classes of gross cash receipts and gross cash payments from operating activities are disclosed.

3.18 Events after Reporting Period

Events after the reporting period that provide additional information about the company's position at the date of Statement of Financial Position or those that indicate that the going concern assumption is not appropriate are reflected in the financial statements. Events after reporting period that are not adjusting events are disclosed in the notes when material.

The management of company has overall responsibility for the establishment and oversight of the company's risk management framework. Risk management policies, procedures and systems are reviewed regularly to reflect changes in market conditions and the company's activities. The company has exposure to the following risks for its use of financial instruments.

- Credit risk
- Liquidity risk
- Market risk

47.01 Credit Risk

Credit risk is the risk of a financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the company's receivables. Management has a credit policy in place and exposure to credit risk is monitored on an ongoing basis. As at 31 December 2013 substantial part of the receivables are those from its related company and subject to insignificant credit risk. Risk exposures from other financial assets. i.e. Cash at bank and other external receivables are nominal.

47.02 Liquidity Risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they fall due. The company's approach to managing liquidity (cash and cash equivalents) is to ensure as far as possible, that it will always have sufficient liquidity to meet its liabilities when due under both normal and stressed conditions without incurring unacceptable losses or risking damage to the company's reputation. Typically, the company ensures that it has sufficient cash and cash equivalent to meet expected operational expenses including financial obligations through preparation of the cash flow forecast with due consideration of time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date. In extreme stressed conditions the company may get support from the related company in the form of short term financing.

47.03 Market Risk

Market risk is the risk that any change in market prices such as foreign exchange rates and interest will affect the company's income or the value of its holdings financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

(a) Currency risk

The company is exposed to currency risk on certain revenues and purchases such as revenue from foreign customers and import of raw material, machineries and equipment. Majority of the company's foreign currency transactions are denominated in USD and relate to procurement of raw materials, machineries and equipment from abroad. The company have received foreign currency loan which shall be repaid in foreign currency.

(b) Interest rate risk

Interest rate risk is the risk that arises due to changes in interest rates on borrowing. The foreign currency loan is subject to floating rates of interest. Local loans are, however, not significantly affected by fluctuations in interest rates. The company has not entered into any type of derivative instrument in order to hedge interest rate risk as at the reporting date.
